Application Number: 09/816718 Art Unit: 2812

Aug. 18, 2005

The Honorable Commissioner of Patents

ATTENTION EXAMINER WHITMORE:

Sir:

This is a response to our telecon of Aug. 18 in which you stated that, although revival of the application in view of a petition to revive had been granted, the case was still not in condition for allowance because the claims were misnumbered. (You stated there was no claim 24.)

I am enclosing herewith a copy of my response mailed on April 19, 2005. I have reviewed the response and found that the numbering of the claims was corrected by the April 19 response.

It is believed that all issues in the case have been resolved and that the case is in condition for allowance.

Please call me at 408 287 1894 if there is any further problem with this case.

Respectfully submitted,

*Robert S. Smith*
